What's Going on in Harvest Grove?

Theme Song

Bread at the barber shop,
The driver lost his way.
Everybody's wondering why
the town turned gray.

What's growing on Anya's tree?
Surely isn't right.
Ella's berries disappeared
Somewhere in the night.

What's going on in Harvest Grove?
Nobody seems to know.
Something funny's happening
Everywhere we go.
Around the bend,
Behind the gate,
There's something new to see.
Who knows what we'll discover?
Come along with me.

Curry's chasing Bumper
But he just won't stop.
Whoever saw a puppy
Do a little hop?
Eating sneakers instead of fruit
Could have been worse
Could have been a boot.
Around the corner,
Down the lane,
Here comes trouble
Once again.

Footprints here
And footprints there.
But whose could they be?
A plum tree growing something strange
Now that's a sight to see.
A little magic in the air
A mystery down the lane.
Just when you think
You figured it out
Something's changed again.

What's going on in Harvest Grove?
There's magic everywhere.
A mystery around every corner
Surprises here and there.
So, grab your hat
Come along.
There's so much more to see.
The next adventure's waiting
Now who could that one be?
